I Have a Shiny Penny

I have a shiny penny.
Just one little cent.
Where did I put my little coin?
Into my bank it went.

I have a shiny penny.
That makes two coins for me.
If I find another penny,
I'll count them, 1, 2, 3.

I now have two more pennies.
How many does that make?
I can trade five pennies with you.
One nickel I can take!

money, money, money!
playing and learning with money poems

Ten Pennies

One little, two little,
Three little pennies.
Four little, five little,
Six little pennies.

Seven little, eight little,
Nine little pennies.
Ten little pennies in a dime.

Pennies from Heaven

By BJ Palmer

Today I found a penny and I put it in my shoe,
But when I went to take it out, I found that I had two.

I put the pennies back again, because I wanted to see,
If I left them a little longer, the two would turn to three.

I went outside to play a game, I wasn't gone for long.
But when I came back to see, the both of them were gone.

Now maybe there's a moral here and maybe there is not,
But if you find a penny or two, be happy with your lot!

Coins

Penny, penny,
Easily spent
Copper brown
And worth one cent.

Nickel, nickel,
Thick and fat,
You're worth five cents.
I know that.

Dime, dime,
Little and thin,
I remember,
You're worth ten.

Quarter, quarter
Big and bold,
You're worth twenty-five
I am told!

Half dollar, Half dollar
The biggest coin
You're worth fifty cents
And are hard to find!

The Money Song (sung to the tune of *Farmer in the Dell*)

A penny's worth one cent.
A penny's worth one cent.
Oh yes I know that a penny's worth one cent.

A nickel's worth five cents.
A nickel's worth five cents.
Oh yes I know that a nickel's worth five cents.

A dime is worth ten cents.
A dime is worth ten cents.
Oh yes I know that a dime is worth ten cents.
